Gulf Breeze Sertoma
4181 Soundpointe Dr.
Gulf Breeze, FL 32563

Dear Gulf Breeze Sertoma Members:

We want to thank you again for your very generous contribution of \$1,000. I thought you may be interested to know how we spent the funds.

We have a single Mom with a teenage daughter and a seven-year-old autistic son. Mom worked full time and was also enrolled at UWF. In late 2009 the daughter became pregnant as a result of rape. The family made the decision to keep the baby. Because of the trauma that the family experienced, Mom had to resign from her job. However, she did continue on at UWF and received a degree in Social Work in 2010.

The day after Christmas last year their car was repossessed. Because Mom had no transportation, she was unable to work. As a result, they fell behind in the rent and were in jeopardy of being evicted. Interfaith Ministries was able to assist the family so that they did not lose their home.

The autistic son was attending a special school in Pensacola on a full scholarship. However, without transportation Mom was unable to get him to school. At the time Interfaith got involved, the school had given Mom two weeks to get the child back into school or she would lose his scholarship. After much investigation, Interfaith decided to purchase the family a used automobile. Thankfully, we had your generous donation. We used your \$1,000 plus \$500 more and purchased a van that is in good running condition. The son was able to return to school and retain his scholarship, the daughter is continuing on in high school and Mom has accepted one of the jobs offered to her.

Without your support, Interfaith would have been unable to assist this family in a way that made a real difference in their lives. Thank you for your continuing support.

Blessings,

Shirley Cornett, Executive Director
