

Dear Gulf Breeze Sentosa
Club,

Thank you for the opportunity
for me to succeed academically.
Without your sponsorship, and the
Take Stock Scholarship I don't ~~believe~~
believe I would be able to further
my education without it. I plan
on attending UWF or PSC
and majoring in engineering. I'm
not sure what kind of engineering.
It is a toss up between mechanical
and chemical engineering. Maybe a

little bit of both.
Thank you again for
the opportunity. It is
greatly appreciated.

Thank You,
Kyle
